The University of Maryland Libraries serve more than 37,500 students and 4,200 faculty at the University System of Maryland’s flagship campus and constitute the largest university library system in the Washington D.C./Baltimore area. The University of Maryland Libraries share the teaching, learning and research goals of the university. Recent membership in the Committee on Institutional Cooperation, a robust organization of Big Ten member institutions, is particularly meaningful to the University Libraries and will further propel the university’s ascendency in academic excellence.

The incumbent reports to the Head of the STEM Library and manages a combination of duties and expectations. The incumbent serves as STEM subject librarian, with responsibilities in: Collections and Content, Reference and Research Consulting, Teaching, Learning and Literacies, Outreach and Engagement, and Scholarly Communications and Research Data Services. Additionally, the incumbent will develop programs benefitting STEM disciplines to expand Research Commons @ EPSL [http://www.lib.umd.edu/rc]. Programming may focus on issues relevant to the STEM community in the following categories: Information literacy, Scholarly communication, GIS, Maker lab, etc. STEM Libraries serve several colleges and schools, including the College of Agriculture and Natural Resources, the A. James Clark School of Engineering, and the College of Computer, Mathematical and Natural Sciences. Along with other STEM and other subject librarians, the incumbent is in a key position to help the University of Maryland Libraries define a completely new role for subject librarians — a role that will allow the Libraries to be more closely integrated in the whole educational and research process at the University of Maryland. The subject librarians have vision and dynamic perspective to help shape new approaches to faculty/library relationships.

Required Qualifications/Education/Experience:
- Understanding of current and emerging trends in the assigned subject areas; knowledge of electronic resources and information technologies.
- Excellent oral and written communication skills.
- Demonstrated interpersonal skills with the ability to function independently and in groups, build and maintain relationships with partners and library staff; ability to provide exceptional service to a diverse clientele.
- A Master’s degree in Library or Information Science from an ALA-accredited institution of higher education, or advanced degree in a STEM discipline at time of appointment.
- Demonstrated experience with or demonstrated aptitude for working effectively and creatively with faculty and students.
