(Room 6137)

Professor Roberts' book, which he co-authored with *Atlanta Journal Constitution* editor Hank Klibanoff, was awarded the Pulitzer Prize in April 2007. The book tells the story of how the press, "after decades of ignoring the problem, came to recognize the importance of the civil rights struggle and turn it into the most significant domestic news event of the Twentieth Century."

Copies of the book will be available for purchase and signing. Light refreshments will be served.
