M. A. C. OPEN WEDNESDAY: Fire Will Cause Practically No Delay In Studies

LOSS IS NOW PUT AT $270,000,

Students To Be Housed With Mem-
bers Of Faculty And Other Students, Trustee Says

College Park, Md., Nov. 30—On ac-
count of the destruction wrought by the fire at Mount Vernon yesterday, the trustees last night the officials have been issued an order permitting students to utilize in sub-

stidues until next Wednesday at 1 P. M. Accommodations for the cures have been made at the College Park Club, the glacier and University, and a number of them will be housed in the dormitories of the faculty who live at College Park in the vicinity of the burned buildings.

The equipment for work, such as inst-

Lt. Harms, the first drilling machine, hav-

just been transported to the site. It is now ready to be crated and shipped to the site.

Last night the trustees, after the people of College Park spoke their homes to the trustees.

Preparing To Rebuild.

The college and city officials have already begun preparations for the erec-
tion of new buildings to replace those destroyed. Mr. Charles H. Blunt, of the

The president of the City Council of Baltimore, who is chairman of the committee appointed by the trustees of the college to supervise the work of selecting and erecting the new buildings, was on the scene yesterday.

With the exception of the library, the entire college is to be reconstructed. The

Chairman Blunt Stanley late held a meeting of the executive committee of the college, attended by the trustees, and the college is to be reconstruc-
ted at a cost of at least $25,000,000, according to the estimate of the architect, Mr. Geo-

In coming to the conclusion that the existing college buildings are no longer suitable for the needs of the institution, the trustees have expressed their intention of erecting new buildings.

Chairman Blunt after the meeting announced that the executive committee had voted to proceed with the construction of new buildings, and that the trustees would be advised as to the progress of the work.

Chairman Blunt said: "We are now considering the matter of erecting new buildings for the college. We have already begun the work of selecting architects and engineers, and we are now ready to erect a new building for the college.

We have decided to erect a new building for the college, and we are now ready to erect a new building for the college.

The cost of the new building will be $25,000,000, and we are now ready to erect a new building for the college.
